PURPOSE

WHY WELLCENTS MATTERS

WellCents was created to:

- Inspire employees to develop financial confidence
- Remove barriers that prohibit employees from making good financial decisions
- Employees struggle with prioritizing their current and future financial needs which creates financial stress
- Financial stresses distract employees and negatively impact an employer's mission and/or bottom-line
- Most employees don't have the resources to access to coordinated financial and benefits planning advice
- Developing financial confidence across your workforce leads to loyal, happy and more productive employees
